Recording of Meetings

The Local Government Act 1972 does not require the Authority to permit the recording of meetings by sound, video, film, photograph or any other means.

However, the Authority permits a handwritten record being taken at meetings and in addition, requests in advance for recording Authority meetings and committee meetings will be allowed if it is in the interests of helping the wider public observe and understand Authority decision-making.

The Authority uses an audio sound system to make it easier to hear public speakers and discussions during the meeting and to make a digital sound recording available after the meeting. The recordings will usually be retained only until the minutes of this meeting have been confirmed.
