NEAR MISS REPORTS – 2007/08

A.	Spring 2008	The automatic cut off switch on an electric kettle at Aldern House failed to operate causing it to boil dry. It was noticed and switched off before any damage could be caused. (Staff were advised of the problem by email. The kettle was scrapped.)
B.	June 2008	A contractor working on the Eastern Moors estate caused superficial damage to an underground gas main owned by the National Grid. (Arrangements for contractor working are already under review. Training in use of cable tracing equipment to be extended to appropriate field staff.)
