

PEAK DISTRICT NATIONAL PARK AUTHORITY

The Appointment Principles.

Purpose

1. These Principles set out issues that Authority Members are asked to consider when electing or appointing people to, or standing for, office or position.
2. Their purpose is to foster confidence, unity and trust within the Authority and the general public

Voting

3. It is essential to these Principles that nothing they contain is intended to in any way detract from the duty or ability of a Member to cast his or her vote in accordance with his/her best judgement and in the best interests of the Authority.

Definition

4. In these principles "Appointment Category" is used to refer to the following three approaches to appointing Authority Members as set out in Schedule 7 in the Environment Act 1995 :
 - Local Authority Members appointed by the 11 Constituent Councils;
 - Parish Members appointed by the Secretary of State following a ballot of all Parish and Town Councils and Parish meetings where part or all of the Parish is located within the National Park ;
 - Members appointed by the Secretary of State other than Parish Members
5. Once appointed to the Authority or an office or position Members should be seen to act in the interests of the Authority as a whole and of the National Park, and not of any particular appointment category or interest.

Election and Appointment - Chair and Deputy Chair

6. In electing a Chair and appointing a Deputy Chair, Members should consider the desirability of ensuring:
 - that each office holder comes from a different Appointment Category;
 - that at least one of the office holders is a person living in or representing an area that lies within the National Park

Other appointments

7. In appointing the Chairs and Vice Chairs of Committees, Members should consider the desirability of ensuring that, taking into account the Appointment Category from which the election of the Chair and Deputy Chair were made there should be a spread of office holders from:
 - across the Appointment Categories;
 - from amongst those living in or representing an area that lies within the National Park
8. Taking into account the expertise, interest and potential of candidates, Members should also consider the desirability of achieving a spread of between the Appointment Categories when appointing Member Representatives and to outside bodies.

Standing for Office

9. All Members are assumed to be equally committed to the objectives of the National Park and to have a contribution to make across the full range of the Authority's work.
10. All Members have the right to stand for all elections and appointments but need to recognise that these Principles will be drawn to the attention of Members before a decision is made.
11. Newly appointed Members will not normally be considered for the position of Chair/Deputy Chair of the Authority or Chair/Vice Chair of a Committee during the first year following their appointment.
12. Members who have held a position or appointment for a continuous period of four years will not normally be considered for re-election or re-appointment.
13. It is the responsibility of a Member standing for election or appointment to demonstrate to those making the decision:
 - his/her expertise, interest and potential;
 - that he/she understands what will be required of them.

Appointment Category Meetings of Members etc

14. Whilst members sharing a common concern or interest may occasionally meet to exchange views, the holding of regular meetings of Members from a single appointment category or of members sharing a common interest may be seen as acting against these Principles.
