

Peak District National Park Authority Internal Audit Charter

June 2025 (draft)

1 Purpose and commitment to professional standards

- 1.1 The purpose of the internal audit service is to strengthen Peak District National Park Authority's ability to create, protect, and sustain value by providing the Audit Committee¹ and senior management with independent, risk-based, and objective assurance, advice, insight, and foresight.
- 1.2 The internal audit service enhances Peak District National Park Authority's:
- successful achievement of its objectives
 - governance, risk management, and control processes
 - decision-making and oversight
 - reputation and credibility with its stakeholders
 - ability to serve the public interest.
- 1.3 Peak District National Park Authority's internal audit service is most effective when:
- Internal auditing is performed by competent professionals in conformance with The Institute of Internal Auditors' Global Internal Audit Standards (UK public sector).
 - The internal audit service is independently positioned, with direct accountability to the Audit Committee.
 - Internal auditors are free from undue influence and committed to making objective assessments.
- 1.4 Peak District National Park Authority can expect to see its internal audit service demonstrate integrity, competence, and due professional care, align with its strategies, objectives, and risks, demonstrate quality and continuous improvement, be insightful, proactive, and future-focused, communicate effectively, and contribute to organisational improvement.
- 1.5 Peak District National Park Authority's internal audit service will adhere to the mandatory elements of The Institute of Internal Auditors' International Professional Practices Framework, which are the Global Internal Audit Standards in the UK Public Sector and Topical Requirements. The chief audit executive will report annually to the Audit Committee and senior management regarding the internal audit service's conformance with the standards, which will be assessed through a quality assurance and improvement programme.

2 The internal audit mandate

- 2.1 There is a statutory duty on the authority to undertake an internal audit of the effectiveness of its risk management, control and governance processes. The Accounts and Audit Regulations 2015 also require that the audit takes into account public sector internal auditing standards or guidance. The Chartered Institute of

¹ The functions of the Audit Committee are being currently being carried out by the National Park Authority but under review in 2025/26.

Public Finance and Accountancy (CIPFA) is responsible for setting standards for proper practice for local government internal audit.

- 2.2 CIPFA has determined that the Global Internal Audit Standards are a suitable basis for the practice of internal auditing in UK local government, subject to interpretations and requirements set out in its application note². Taken together, the Global Internal Audit Standards and the application note represent proper practice for internal audit in local government. This charter sets out how internal audit at Peak District National Park Authority will be provided in accordance with this proper practice.
- 2.3 The charter should be read in the context of the wider legal and policy framework which sets requirements and standards for internal audit, including the Accounts and Audit Regulations, the application note, the code of practice³, and the authority's constitution, regulations and governance arrangements.

3 Definitions

- 3.1 The Global Internal Audit Standards define internal auditing as follows:

"Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes."

- 3.2 The Global Internal Audit Standards include reference to the roles and responsibilities of the "board" and "senior management" in relation to the governance of internal audit. Each organisation is required to define these terms in the context of its own governance arrangements. For the purposes of the Global Internal Audit Standards in the UK Public Sector (hereon in referred to as the "GIAS (UK public sector)") these terms are defined as follows at Peak District National Park Authority.

"Board" – the National Park Authority fulfils the responsibilities of the board in relation to internal audit standards and activities. References in the charter to the Audit Committee relate to the National Park Authority.

"Senior management" – in the majority of cases, the term senior management in the GIAS (UK public sector) should be taken to refer to the Chief Financial Officer. This includes all functions relating directly to overseeing the work of internal audit. In addition, senior management may also refer to any other director of the authority individually (including the Chief Executive) or collectively as the Authority Management Team in relation to GIAS (UK public sector) requirements for:

- internal audit to have direct and unrestricted access to senior management for reporting purposes
- consulting on risks affecting the authority for audit planning purposes
- approving the release of information arising from audit work to any third party.

² Application Note: Global Internal Audit Standards in the UK Public Sector

³ CIPFA Code of Practice for the Governance of Internal Audit in UK Local Government

- 3.3 The GIAS (UK public sector) also refer to the “chief audit executive”. This is taken to be the Head of Internal Audit (Veritau).

4 Scope of internal audit activities

- 4.1 The scope of internal audit work will encompass the authority’s entire control environment⁴, comprising its systems of governance, risk management, and control.
- 4.2 The scope of audit work also extends to services provided through partnership arrangements, irrespective of what legal standing or particular form these may take. The Head of Internal Audit, in consultation with all relevant parties and taking account of audit risk assessment processes, will determine what work will be carried out by the internal audit service, and what reliance may be placed on the work of other internal and external providers of assurance and advisory services auditors.

5 Responsibilities and objectives

- 5.1 The Head of Internal Audit has the responsibility to:
- At least annually, develop a risk-based internal audit work programme that considers the input of the Audit Committee and senior management. Discuss the work programme with the Audit Committee and senior management, and submit the programme to the Audit Committee for review and approval.
 - Communicate the impact of resource limitations on the internal audit work programme to the Audit Committee and senior management.
 - Review and adjust the internal audit work programme, as necessary, in response to changes in Peak District National Park Authority’s business, risks, operations, programs, systems, and controls.
 - Communicate with the Audit Committee and senior management if there are significant interim changes to the internal audit work programme.
 - Ensure internal audit engagements are performed, documented, and communicated in accordance with the GIAS (UK public sector) and relevant laws and/or regulations.
 - Follow up on engagement findings and confirm the implementation of recommendations or action plans and communicate the results of internal audit services to the Audit Committee and senior management periodically and for each engagement, as appropriate.
 - Ensure the internal audit service collectively possesses or obtains the knowledge, skills, and other competencies and qualifications needed to meet the requirements of the GIAS (UK public sector) and to fulfil the internal audit mandate.
 - Develop, implement, and maintain a quality assurance and improvement programme that covers all aspects of the internal audit service. The programme will include external and internal assessments of the internal audit service’s conformance with the GIAS (UK public sector), as well as performance

⁴ For example, the work of internal audit is not limited to the review of financial controls only.

measurement to assess the internal audit service's progress toward the achievement of its objectives and promotion of continuous improvement.

- Communicate with the Audit Committee and senior management about the internal audit service's quality assurance and improvement programme, including the outcomes of internal assessments and external assessments.
- Identify and consider trends and emerging issues that could Peak District National Park Authority communicate to the Audit Committee and senior management as appropriate.
- Consider emerging trends and successful practices in internal auditing.
- Establish and ensure adherence to methodologies designed to guide the internal audit service.
- Ensure adherence to Peak District National Park Authority relevant policies and procedures unless such policies and procedures conflict with the internal audit charter or the GIAS (UK public sector). Any such conflicts will be resolved or documented and communicated to the Audit Committee and senior management.
- Coordinate activities and consider relying upon the work of other internal and external providers of assurance and advisory services. If the Head of Internal Audit cannot achieve an appropriate level of coordination, the issue must be communicated to senior management and if necessary escalated to the Audit Committee.

5.2 In addition to the responsibilities set out above, to meet the requirements for the practice of internal auditing in local government, the Head of Internal Audit is also required to provide an annual report to the Audit Committee. The report will be used by the committee to inform its consideration of the authority's annual governance statement. The report will include:

- the Head of Internal Audit's opinion on the adequacy and effectiveness of the authority's framework of governance, risk management, and control
- any qualifications to the opinion, together with the reasons for those qualifications (including any impairment to independence or objectivity)
- any particular control weakness judged to be relevant to the preparation of the annual governance statement
- a summary of work undertaken to support the opinion, including any reliance placed on the work of other assurance providers
- an overall summary of internal audit performance and the results of the internal audit service's quality assurance and improvement programme
- a statement on conformance with the GIAS (UK public sector).

5.2 To support the opinion, the Head of Internal Audit will ensure that an appropriate programme of audit work is undertaken. In determining what work to undertake, the internal audit service should:

- adopt an overall strategy, setting out how the service will be delivered in accordance with this charter
- draw up an indicative risk-based programme of work on an annual basis following consultation with the Audit Committee and senior management. The programme

of work will also reflect the requirements of the charter, the strategy, and proper practice

- update the programme of work throughout the year to reflect emerging risks, changes to priorities and the need to appropriately schedule work
- consider trends and emerging issues that may impact the organisation.

5.3 In undertaking this work, the responsibilities of the internal audit service will include:

- providing assurance to the Audit Committee and senior management on the effective operation of governance arrangements and the internal control environment operating at the authority⁵
- objectively examining, evaluating and reporting on the probity, legality and value for money of the authority's arrangements for service delivery
- reviewing the authority's financial arrangements to ensure that proper accounting controls, systems and procedures are maintained and, where necessary, make recommendations for improvement
- helping to secure the effective operation of proper controls to minimise the risk of loss, the inefficient use of resources, and the potential for fraud and other wrongdoing
- acting as a means of deterring all fraudulent activity, corruption and other wrongdoing; this includes conducting investigations into matters referred by councillors, officers, and the public and reporting findings of those investigations to the relevant officers and councillors, as appropriate, for action
- advising the authority on relevant counter fraud and corruption policies and measures.

5.4 The Head of Internal Audit will ensure that the service is provided in accordance with proper practice as set out above and in accordance with any other relevant standards – for example, authority policy and legal or professional standards and guidance.

5.5 In undertaking their work, internal auditors should have regard to:

- the purpose of internal auditing, and standards as set out in the GIAS (UK public sector) and reflected in this charter
- the codes of any professional bodies of which they are members
- standards of conduct expected by the authority
- the Committee on Standards in Public Life's *Seven Principles of Public Life*.

6 Organisational independence

6.1 It is the responsibility of corporate directors and service managers to maintain effective systems of risk management, internal control, and governance. Auditors will have no responsibility for the implementation or operation of systems of control and will remain sufficiently independent of the activities audited to enable them to exercise objective professional judgement.

⁵ Where third parties place reliance on the assurance provided then they do so at their own risk.

- 6.2 Audit advice and recommendations will be made without prejudice to the rights of internal audit to review and make further recommendations on relevant policies, procedures, controls and operations at a later date.
- 6.3 The Head of Internal Audit will put in place measures to ensure that individual auditors remain independent of areas they are auditing for example by:
- rotation of audit staff
 - ensuring staff are not involved in auditing areas where they have recently been involved in operational management, or in providing consultancy and advice⁶.

7 Accountability, reporting lines, and relationships

- 7.1 Internal audit services are provided under contract to the authority by Veritau⁷. Staff undertaking internal audit work are employed directly by Veritau. The Director of Governance (Monitoring Officer) acts as client officer for the contract, and is responsible for overall monitoring of the service.
- 7.2 In its role in providing an independent assurance service, Veritau has direct access to councillors and senior managers and can report uncensored to them as considered necessary. Such reports may be made to:
- Authority, Executive, or any committee (including the Audit Committee)
 - Chief Executive
 - Monitoring Officer
 - Chief Financial Officer (Section 151 Officer)
 - Other corporate directors, directors, assistant directors, heads of service and service managers.
- 7.3 The Chief Financial Officer (Section 151 Officer) has specific responsibilities for ensuring that the authority has effective systems of risk management and internal control. The role includes a responsibility to ensure that the authority has put in place arrangements for effective internal audit. In recognition of the importance of the relationship between the Chief Financial Officer (Section 151 Officer) and internal audit (recognised in the standards), a protocol has been drawn up setting out the relationship between them. This is included in Appendix 1.
- 7.4 The Head of Internal Audit will report independently to the Audit Committee on:
- the proposed allocation of audit resources
 - any significant risks and control issues identified through audit work
 - their annual opinion on the authority's control environment.

⁶ Auditors will not be used on internal audit engagements where they have had direct involvement in the area within the previous 12 months.

⁷ The contract is with Veritau Public Sector Limited who provide assurance services to Peak District National Park Authority and other public sector organisations.

- 7.5 The Head of Internal Audit will informally meet in private with the chair of the Audit Committee, or the committee as a whole, as required. Meetings may be requested by committee members or the Head of Internal Audit.
- 7.6 The Audit Committee will oversee (but not direct) the work of internal audit. This includes commenting on the scope of internal audit work and approving the internal audit work programme. The committee will also protect and promote the independence and rights of internal audit to enable it to conduct its work and report on its findings as necessary⁸.

8 Fraud, consultancy services and non-audit services

- 8.1 The primary role of internal audit is to provide audit assurance services to the authority. However, the service is also required to undertake fraud investigation and other consultancy work to add value and help improve governance, risk management and control arrangements.
- 8.2 The prevention and detection of fraud and corruption is the responsibility of corporate directors and service managers. However, all instances of suspected fraud and corruption must be notified to Veritau, who will agree the course of action to be taken in consultation with the relevant corporate director and other advisors (for example, human resources). Where appropriate, cases of suspected fraud or corruption will be investigated by Veritau.
- 8.3 Veritau also carry out other consultancy related work where this is of value to the authority. This is generally at the request of authority officers. It includes, for example, advice on designing efficient and effective processes. The scope of consulting work will be agreed with the relevant corporate director or service manager. Consulting work will only be carried out where it represents good value, there are sufficient resources and skills within Veritau to undertake the work, and where it does not compromise the assurance role or the independence of internal audit. Details of all significant consultancy assignments completed will be reported to the Audit Committee.
- 8.4 Where Veritau provides non-audit services (for example information governance), appropriate safeguards will be put in place to ensure audit independence and objectivity are not compromised. These safeguards include the work being performed by a separate team with different line management arrangements. Separate reporting arrangements will also be maintained. The Head of Internal Audit will report any instances where audit independence or objectivity may be compromised to the Chief Financial Officer (Section 151 Officer) and the Audit Committee. The Head of Internal Audit will also take steps to limit any actual or perceived impairment that might occur (for example, by arranging for the audit of these services or functional activities to be overseen externally).

9 Resourcing

- 9.1 As part of the audit planning process the Head of Internal Audit will review the resources available to internal audit, to ensure that they are appropriate and

⁸ The relationship between internal audit and the Audit Committee is set out in more detail in appendix 2.

sufficient to meet the requirement to provide an opinion on the authority's control environment. Where resources are judged to be inadequate or insufficient, recommendations to address the shortfall will be made to the Chief Financial Officer (Section 151 Officer) and to the Audit Committee.

10 Rights of access

- 10.1 To enable it to fulfil its responsibilities, the authority gives internal auditors employed by Veritau the authority to:
- enter all authority premises or land, at any reasonable time
 - have access to all data, records, documents, correspondence, or other information - in whatever form - relating to the activities of the authority
 - have access to any assets of the authority and to require any employee of the authority to produce any assets under their control
 - be able to require from any employee or councillor any information or explanation necessary for the purposes of audit.
- 10.2 Corporate directors, directors, and service managers are responsible for ensuring that the rights of Veritau to access premises, records, and personnel are preserved, including where the authority's services are provided through partnership arrangements, contracts or other means.

11 Review

- 11.1 This charter will be reviewed periodically by the Head of Internal Audit. Any recommendations for change will be made to the Chief Financial Officer (Section 151 Officer) and the Audit Committee, for approval.

Relationship between the Chief Financial Officer (Section 151 Officer) and internal audit

- 1 In recognition of the statutory duties of the Authority's Chief Financial Officer in their role as Section 151 Officer, this protocol has been adopted to form the basis for a sound and effective working relationship between the Chief Financial Officer and internal audit.
 - (i) The Head of Internal Audit (HoIA) will seek to maintain a positive and effective working relationship with the Chief Financial Officer.
 - (ii) Internal audit will review the effectiveness of the Authority's systems of control, governance, and risk management and report its findings to the Chief Financial Officer (in addition to the Audit Committee).
 - (iii) The Chief Financial Officer will be asked to comment on those elements of internal audit's programme of work that relate to the discharge of their statutory duties. In developing the internal audit work programme and in carrying out internal audit work, the HoIA will give full regard to the comments of the Chief Financial Officer.
 - (iv) The HoIA will notify the Chief Financial Officer of any matter that in the HoIA's professional judgement may have implications for the Chief Financial Officer in discharging their statutory responsibilities.
 - (v) The Chief Financial Officer will notify the HoIA of any concerns that they may have about control, governance, or suspected fraud and corruption and may require internal audit to undertake further investigation or review.
 - (vi) The HoIA will be responsible for ensuring that internal audit is provided in accordance with proper practice.
 - (vii) If the HoIA identifies any shortfall in resources which may jeopardise the ability to provide an opinion on the Authority's control environment, then they will make representations to the Chief Financial Officer, as well as to the Monitoring Officer and the Audit Committee.
 - (viii) The HoIA will report to the Chief Financial Officer (and to the Monitoring Officer and Audit Committee) any instances where internal audit independence or objectivity is likely to be compromised, together with any planned remedial action.
 - (ix) The HoIA will report to the Chief Financial Officer (and the Audit Committee) any instances where audit work has not conformed to the GIAS (UK public sector). This includes the reasons for non-conformance and the possible impact on the audit opinion.
 - (x) The Chief Financial Officer will champion the role of internal audit in providing independent, risk-based assurance on the operation of the authority's systems of governance, risk management, and internal control, and in helping the authority to achieve its objectives. The Chief Financial Officer will also protect

Appendix 1

and promote the independence and rights of internal audit to enable it to conduct its work effectively and to report as necessary.

Relationship between the Audit Committee and internal audit

- 1 The Audit Committee plays a key role in ensuring the authority maintains a robust internal audit service and it is therefore essential that there is an effective working relationship between the committee and internal audit. This protocol sets out some of the key responsibilities of internal audit and the committee.
- 2 The Audit Committee will seek to:
 - (i) raise awareness of key aspects of good governance across the organisation, including the role of internal audit and risk management
 - (ii) ensure that adequate resources are provided by the authority so as to ensure that internal audit can satisfactorily discharge its responsibilities
 - (iii) protect and promote the independence and rights of internal audit to conduct its work properly and to report on its findings as necessary.
- 3 Specific responsibilities in respect of internal audit include the following.
 - (i) oversight of, and involvement in, decisions relating to how internal audit is provided
 - (ii) approval of the internal audit charter
 - (iii) consideration of the annual report and opinion of the Head of Internal Audit (HoIA) on the authority's control environment
 - (iv) consideration of other specific reports detailing the outcomes of internal audit work
 - (v) consideration of reports dealing with the performance of internal audit, and the results of its quality assurance and improvement programme
 - (vi) consideration of reports on the implementation of actions agreed as a result of audit work, and outstanding actions escalated to the committee in accordance with the approved escalation policy
 - (vii) approval (but not direction) of the annual internal audit work programme.
- 4 In relation to the Audit Committee, the HoIA will:
 - (i) attend its meetings and contribute to the agenda
 - (ii) ensure that overall internal audit objectives, work programmes, and performance are communicated to, and understood by, the committee
 - (iii) provide an annual summary of internal audit work, and an opinion on the authority's control environment, including details of unmitigated risks or other issues that need to be considered by the committee
 - (iv) establish whether anything arising from the work of the committee requires consideration of the need to change the internal audit work programme or vice versa
 - (v) highlight any shortfall in the resources available to internal audit or any instances where the independence or objectivity of internal audit work may be

compromised (and to make recommendations to address these to the committee)

- (vi) report any significant risks or control issues identified through audit work which the HoIA feels necessary to specifically report to the committee. This includes risks which management are failing to address but which the HoIA considers are unacceptable for the authority
- (vii) report any actual or attempted interference in the performance or reporting of internal audit work
- (viii) participate in the committee's review of its own remit and effectiveness
- (ix) discuss the outcomes of the quality assurance and improvement programme, and consult with the committee on how external assessment of the internal audit service will be conducted (required once every five years).

- 5 The Head of Internal Audit will informally meet in private with the chair of the Audit Committee, or the committee as a whole, as required. Meetings may be requested by committee members or the HoIA.
