Letter sent via e-mail and post

Dear Mr Goodyear

Town and Country Planning (Environmental Impact Assessment) (England and Wales) Regulations 1999 (as amended): Regulation 5(3) request for information required to enable the authority to adopt an up-to-date statutory screening opinion for the Environment Act 1995 Schedule 13 Review Application NP/WED/0497/157 relating to mineral working at Longstone Edge, Great Longstone.

Thank you for your letter dated 28 August 2008 seeking an extension of time to the end of 2008 for the provision of the information requested in the Regulation 5(3) notice dated 12 August 2008.

We are taking legal advice about the entitlement of Glebe Mines Limited to be treated as the applicant. Without prejudice to that issue we agree to an extension of time in which to provide the information until 30 September 2008. This is the same timescale we have agreed with Bleaklow Industries Limited, having regard to the forthcoming appeal hearing.

However, we will review the situation following the receipt of the legal advice.

Yours sincerely

Chris Drury
Senior Minerals Planner
Planning Service
